SUMMARY

I'm Ananda Rizky Alvie Nuryahya, a web programming enthusiast; I enrolled in a coding bootcamp provided by Dumbways.id and learned Fullstack web development and I have an experience as a Frontend Developer at PT Zahir Internasional for a year. My favorite part of programming is the problem-solving part, I love the feeling of diving and figuring out a solution to solve a problem. My core stack is React, Next.js, Node.js and PostgreSQL, I am also familiar with TypeScript and Prisma. I am always looking to learn new technologies and I am currently looking for a full-time position as a Frontend Developer.

EXPERIENCE

Front End Developer   08/2022 - 08/2023
PT Zahir Internasional ↗

- Responsible to ensure the website is free from bugs, both design and function
- Implement concepted design features
- Developed reusable code for future use
- Collaborated with Lead and QA to make sure that the website is usable for users

IT Specialist   06/2021 - 01/2022
PT. SUCOFINDO (Persero) ↗

- Installed sensor devices to monitor acid level of company's outlet water waste
- Installed solar panels, routers, and any other necessities to ensure the sensors

are running smoothly as intended in remote areas

- Collaborated with clients to accustom the necessities and any other supporting

devices based on their desired location to install the sensor devices

- Taught clients how to use the software to monitor the acid level of their outlet

waste from installed acid sensor devices
